

## **QUALITY POLICY**

Tekirdag Un We carry out the activities of milling cereals and production flour. We reflect the importance we give to quality management based on the principle of "Quality is not a coincidence".

With this awareness, our Quality Policy;

- To ensure that our quality management system is documented, certifying and continuously improved to meet the requirements of the ISO 9001:2015 standard,
- Ensuring that the efficiency in all our processes is increased to a level that can compete at the international level with the continuous improvement approach,
- Based on the total quality standard, to reach in department and facility targets in team spirit,
- To ensure hygienic production of all our products in accordance with the world's most advanced quality and food safety standards by complying with legal and technical regulations,
- To protect the environment and ensure its integration with the society, by using our existing resources efficiently according to the conditions of the country,
- To meet the expectations of the customers and related parties and to ensure that the applicable conditions are followed continuously,
- To ensure that periodic and continuous improvements are made in our activities according to the economic conditions,
- To encourage innovative and creative approaches, providing training to increase technical and behavioral competencies,
- To ensure the development of our employees, suppliers and public related to our activities.

As the management, we undertake to continuously improve the system we have established and to comply with all local and national laws and Quality Standards related to quality management.
